March 5, 2014

Dear Vista Educational Foundation;

Thank you so much for donating \$350 to our field trip outing. Along with the money the students fundraised, it will help pay the admission for each student. So each student will benefit from the money. We will be making flip books and studying animation in this adventure and the students have decided to donate the flip books to a charity for children. The students are very excited. Again, thank you for contributing to the art education of our Vista students. You have been very generous.

Sincerely,

Carolyn Thom

and the students of the VHS Art Honor Society
